LATEST NEWS OF ORIENTAL SITUATION

No Direct Advices Have Been Received From Rojestvensky.

IT IS NOT BELIEVED HE IS DEAD

Should Opposing Fleets Come Together, No Doubt Exists that Togo's Vessels Will Concentrate Their Fire on the Russian Men-of-War.

St. Petersburg, May 24.—The Associated Press was informed at the admiralty today that no direct advices have been received from Vice Admiral Rojestvensky for 10 days, when it is believed he set out on his long voyage. The report of Rojestvensky's death was ridiculed at the admiralty.

The sending of Vice Admiral Birilef to Vladivostok, it is now explained, was a natural precautionary measure for the purpose of having an energetic commander at Vladivostok to replace Rojestvensky in the event that the latter is killed or disabled during the coming sea fight, no doubt being entertained that if the fleets come together, Admiral Togo's vessels will concentrate their fire on the Russian flagship. Should Rojestvensky come out of the fight victorious and enjoying his health, it is considered a foregone conclusion that he will be rewarded by appointment to the supreme command. Fortunately, the best relations prevail between Rojestvensky and Birilef and the latter would be glad to give way to his victorious colleague.

Tokio, May 23.—Noon.—Imperial army headquarters reporting today, says that the Russian cavalry which retoured toward Fakumen from the right bank of the Liao river, was frequently defeated by our rear guards. On May 20, after their failure in the vicinity of Tafangshen, they camped with the main strength at Siaotatzu, 36 miles from Tafangshen. On May 21 they retreated to the right bank of the river. In the meantime a few companies of the remaining force on the left bank of the Malai river were defeated and retreated northward in disorder.

GROUND SINKS 700 FEET.

Big Copper Mine In Arizona Is Filled With Earth and Timbers.

Prescott, Ariz., May 24.—Millions of tons of rock and earth caved in at noon Monday in Senator Clark's United Verde copper mine at Jerome, Ariz., the ground dropping over the surface to the 700-foot level. Cracking timbers gave the alarm, and 300 miners fled for their lives and escaped uninjured.

For several days the ground has been settling, and timber creaking.

The extent of the damage cannot as yet be ascertained, but if it is as bad as feared, the great property will be closed and the existence of the Jerome will be doomed. The officials of the company take an optimistic view of the situation and say the damage is not irreparable, and that the smelter will be working again within a month.

THIRD ROBBERY OF THIS STORE.

Burglars Enter the Store of Smith and Secure Only $5.

Gainesville, Ga., May 24—Some time during the early morning hours of Sunday burglars entered the store of D. B. Smith and took therefrom about $5 in money. The entrance was effected through the rear door. In a box below the one from which the $5 was taken was another containing bout $50 in money. This was not molested, the robber not seeing it.

No clews as to the identity of the burglars have been discovered. This is the third time this store has been robbed since Mr. Smith has been in business there.

Mrs. M. A. Livermore Dead.

Melrose, Mass., May 24.—Mrs. Mary A. Livermore, the well known writer and reformer, died at her home here today. Bronchitis and a weak heart hastened the end.

KILLED ONE; WOUNDED SEVEN.

Supposed Insane Negro in Kentucky Town Runs Amuck.

Owensboro, Ky., May 24.—Bob Shaw, a negro, supposedly insane, has killed one man and wounded seven in the past 24 hours near Whitman.

Monday afternoon Shaw was terrorizing the community around Whitman and an appeal was sent to this city for help. A posse was at once formed, but as soon as they approached the madman's house he opened fire on them.

Town Marshal Watson was shot in the face and Deputy Marshal John J. Jackson in the back. Others wounded were Dr. G. H. Pitt, on the hand; a boy, named Howard, and a boy named Pelly, in the legs.

A posse this morning headed by Sheriff Kelly went from Lewisport to Whitman and found Shaw sitting on his front porch.

Shaw quickly barricaded himself in his house. The posse tried to storm the house, but the negro opened fire, wounding James Ford and John Robinson. He apparently had only small shot, which saved the lives of those he shot at.

Shaw was shot at twice. He had two revolvers, but announced that he would save them for work at close quarters. A great crowd gathered around the house, keeping at a safe distance.

At 3 o'clock in the afternoon Will C. Brown, a deputy sheriff of Hancock county, volunteered to go to the house and take Shaw. When within 15 feet of Shaw, the crazy man fired, blowing Brown's head completely off.

At 6 o'clock tonight a mob of men and boys surrounded the house and set it on fire. Shaw remained in the burning house as long as he could stand the heat and finally leaped out and tried to escape.

Nearly one hundred shots were fired, and Shaw's body was riddled with bullets.

SOUTHERN PRESBYTERIANS.

Question of Federation Will Probably Be Considered.

Fort Worth, Tex., May 24.—Today the question of federation with other Presbyterian bodies will probably be considered by the Southern Presbyterian general assembly. The report of the special committee on federation will, it is believed, be presented this afternoon.

It has been announced that the special committee cannot agree on a unanimous report and the views of the majority and minority will be offered.

Efforts are being made today by the more conservative commissioners to have a compromise measure substituted for these reports. Several delegates have expressed the belief that the assembly will not vote for federation, but will favor closer relations and co-operation with the other bodies.

The question of marriage and divorce was taken by the assembly. An overture from the Montgomery, Ala., presbytery, asked that a committee be named to attend an interstate conference of churches for the purpose of considering this question.

The committee on bills and overtures recommended that such committee should not be appointed. This report was followed by a general discussion.

The assembly was called to order at 10 o'clock by Moderator Plunkett.

Another Teller Goes Wrong.

Hot Springs, Ark., May 24.—Wesley G. Parker, until last Tuesday exchange teller in the Arkansas national bank of this city, is missing and it is claimed that his accounts show a shortage of $10,000. President C. N. Rix, of the bank, said today that the institution is fully secured by a bond furnished by the absent teller. Parker was an officer in an Arkansas regiment during the Spanish-American war and is secretary of the local lodge of Elks.

American Securities in Demand.

New York, May 24.—American securities were in demand in London again today and prices were higher in sympathy. Others were subject to pressure and the result was a very irregular opening.

"BLUEBEARD" HOCH RAVES AT JURIES

Under Death Sentence For Wife Murder, Man of Many Wives

PLEADS THAT HE IS INNOCENT

Claims the Newspapers of Country Have Started the Hue and Cry Against Him Which Will Cause His Death.

Chicago, May 24.—"You talk of justice in your great country of the United States. You pride yourselves upon your courts, and yet you have doomed me, an innocent man, to death. Bah! Your justice is a farce and your courts are simply schools of perjury," said Johann Hoch, the convicted wife murderer.

"The newspapers have hung me. They started the hue and cry against me; they kept it up until no one in all the length and breadth of the land did not know of Johann Hoch, did not believe him to be an inhuman monster for whom hanging was too good.

"Do you tell me that the 12 men on the jury had not made up their minds about me from newspaper talk, long before they came into the jury room?

"I know better. Look at the time in which they returned their verdict. I do not think they took any more time than would enable them to write their names.

"Then they feasted and rejoiced that that they had doomed me to death.

"And this in the face of five weeks' evidence and 60 counts of instructions. They did not even read them over. Is that the way they would wish to be dealt with if they were on trial for their lives?

"I do not care how quickly death comes now. I am an innocent man and I am going to die game. But I wish they would hurry up and kill me quick. I do not like to be waiting."

Apparently the least unconcerned person in the Cook county jail, Johann Hoch is spending the few days that remain to him of life in sleeping, eating, smoking and visiting with his jail mates.

"He appears to care absolutely nothing about his sentence," said one of his guards, "except to be very angry at the newspapers who, he declares, are responsible for his sentence.

"He sleeps like a top, eats heartily and is quite as jolly and cheerful as ever."

He is a little curious about being left alone, however. When the other prisoners were locked in their cells at 5 o'clock this afternoon Hoch asked Jailer Whitman if he might stay in the corridors with the guards.

"I feel nervous," he said in a pleading tone.

Jailer Whitman assented, and Hoch sat in a corridor on the fifth tier of cells and smoked while he listened to the singing of the negroes in the tier of cells below him.

One negro prisoner with much lung power, sang, "Every Little Bit Helps."

Hoch laughed loudly and wriggled in his chair. "I guess that's right," he said. "Every little bit helped to bring me here."

That Hoch made a pitiful appeal to the druggist, Saisner, of whom he bought the medicine for his wife, was revealed today in the contents of a letter written to Sleisner by Hoch and now in the possession of the state's attorney.

From its contents is revealed the fact that Hoch claims the druggist put arsenic in the powders of the prescription by mistake.

The letter in part follows:

"Mr. Sleisner: Dear Sir—Pardon the liberty I take in writing to you. I must say I am surprised at you that you cannot remember when I was at your drug store Jan. 10, at midnight with that last prescription given by Dr. Reese. Please think back and be sure of that. My life is in your hands. Everyone else who was on the stand told the truth, why will you not? Johann Hoch."

Assistant State's Attorney Harry G. Olsen said today that he would be ready to argue the motion for a new trial for Hoch next Saturday.

TO REARRANGE OIL RATES.

Santa Fe Road and Oil Company Matters Discussed.

Topeka, Kans., May 24.—The Santa Fe will meet the oil producers of Kansas within 10 days and rearrange the freight rates on oil.

General Freight Agent Kontz made the following announcement of the company's intention

"At the preliminary conference with the oil men the producers were asked to prepare a statement showing what market they wished to reach. The producers have been busy recently preparing this statement.

"In the meantime we have been going over the situation and have prepared figures so that at the coming conference we should be able to tell the producers what can be done for them as soon as they make known to us what markets they want to reach."

In an interview Superintendent W. F. Gates, at Independence, Kans., said that notwithstanding recent publications concerning enlargement of the company's facilities, conditions in the oil fields remain practically unchanged. The Prairie Oil and Gas company is runing about 22,000 barrels of oil a day in Kansas and the Indian Territory and storage tanks, material for which has been on the ground for some time, continue to be erected in the territory. Drilling operations are almost at a standstill in Kansas, and are becoming less in the Indian Territory.

ATTEMPTED SUICIDE.

Young Man Takes Poison After Attending Revival Services.

Bainbridge, Ga., May 24.—Schuyler Doddridge, a young white man, formerly a native of Tyronne, Ky., attempted to end his life at the Fordham hotel in this city Monday night. Doddridge has been a resident of Bainbridge several months, holding a position with a local cooperage company.

He is religiously inclined and superintendent of one of the Sunday schools of this place. The recent revival meetings are supposed to have a bearing on his attempted suicide, as he has, under stress of religious fervor, brooded on family troubles.

Doddridge was discovered shortly after taking a drug and heroic methods saved his life. The physicians estimate that from two to three grains of morphine were taken. The young man will recover.

Receivers Are Appointed.

Albany, N. Y., May 24.—Upon the application of Attorney General Mayer, Justice Cochrane, of the supreme court here today appointed Douglass Robinson and the New York Trust company as receivers of the Merchants' Trust company. The bond of Mr. Robinson was fixed at $500,000. Under the law the trust company as receiver is not required to give a bond. Local interest in the failure of the Merchants' Trust company is enhanced by the important effect which the failure entails upon the affairs of the Hudson Valley Railway company. No one in Albany is in a position to say how it will affect the Hudson Valley railway, whose offices are at Glens Falls, Addison Colvin, of that place, being its president.

Tendered Their Resignations.

Philadelphia, May 24.—Director of Public Works Costello and Director of Public Safety Smith, today at the request of Mayor Weaver tendered their resignations. This is the latest and most startling development in the fight against the lease for 75 years of the city gas works to the United Gas Improvement company.

Is Charged With Murder.

Huntsville, Ala., May 24.—Deputy O'Rear, of Cullman county, came to Huntsville Saturday afternoon and returned to Cullman with John Williams, charged with the murder of State Senator R. L. Hipp. Williams will be tried at a special term of the circuit court, over which Judge D. W. Speake will preside. He has been held here for safe-keeping since his capture five weeks ago in Marshall county.

L. & N. SOUTHBOUND PASSENGER WRECKED

Catastrophe Due to Washout Near Rutherford Creek.

EIGHT PERSONS ARE INJURED.

Entire Train Passed Over Bridge Safely With the Exception of the Two Rear Sleepers—Cause of Wreck Was Undermined Bridge.

Nashville, May 24.—Passenger train No. 1, southbound, on the Louisville and Nashville railroad, was wrecked this morning at the bridge over Rutherford Creek, 4 miles south of Columbia.

The wreck was due to a washout, the bridge having become undermined.

Eight persons were more or less injured, but no one was killed.

The entire train passed over the bridge safely except the two rear sleepers, which went over the embankment into seven feet of water.

Mrs. J. J. Drakeford, of St. Louis, came near being drowned before she was rescued.

Those injured are P. R. Evans, of Evansville, Ind., right arm wrenched; P. C. Cawthorne, of Nashville, Tenn., hands and legs cut with glass; Flagman W. A. Parmer, of Nashville, internally injured; Mrs. W. N. Carney, of Almore, Ala., badly bruised about the head. J. D. Cantrell, assistant general freight agent of the Seaboard Air Line, of Birmingham, Ala., back bruised and badly cut by glass. He was pinned down by the wreck and had to be cut out. P. M. Rowland, of Birmingham, Ala., had badly cut; T. B. Parker, of Birmingham, Ala., badly bruised.

The engine and day coach left the rails and tore up the track for 150 yards. Traffic will be delayed for 12 or 15 hours.

The direct cause of the accident was the giving away of about forty feet of trestle work which was used as an approach to the bridge.

The trestle work had been undermined by the high water and gave way under the great weight of the two rear sleeping cars.

The replacing of the trestle is being delayed by the high water, but the work will proceed rapidly as soon as the flood subsides.

TORN TO FRAGMENTS.

Locomotive Boiler Explodes, Killing Six Employes.

Columbus, O., May 24.—The boiler of an engine standing near the Hocking Valley railroad round house exploded, instantly killing six men who were at work nearby.

The building was damaged and quantities of the debris were scattered in all directions.

Those killed were Fred Shuttle, Amos Speakman, Jacob Davis, Fred Crumley, John Birmingham and Carl Hand.

The engine was being tested for its first run after rebuilding. Four engines standing nearby were wrecked.

Situation Quiet at La Haina.

Honolulu, May 23.—9:10 p. m.—The situation at La Haina is quiet. The strike is reported unsettled, but the authorities are now thoroughly in control. Owing to a break in the overland communications from the wireless station on the island of Maui to Honolulu, there has been practically no communication with La Haina today. The Japanese consul in a message which was brought overland tonight says there will be no further trouble.

Sec. Hay to Call on Delcasse.

Paris, May 24.—Secretary Hay will arrive here next Monday for a brief stay. Arrangements have been made for him to meet foreign Minister Delcasse. This is likely to arouse considerable speculation, but Mr. Hay's only purpose is to make a visit of courtesy on M. Delcasse, and the latter on hearing this, expressed a desire to make the first call upon the visiting secretary of state.

Senator Raney spoke of the importance of the bill and the necessity for full time to consider. After several Senators had expressed themselves pro and con regarding the amendment, it was carried.

The bill No. 320, to fix the pay of members and attaches of the Legislature of A. D. 1905, was read the second time. Senator Crews offered an amendment that C. M. Brown be paid for the thirty-one days which he served, and that the successful contestant, J. G. Baskin, be paid for the full sixty days, and that the pay of the chaplain be increased to $150. Both were adopted.

A bill authorizing Jacksonville to issue bonds and to provide for their payment was passed.

The Senate then adjourned.

Mr. Kirkland offered a resolution relative to the payment of the contract price for convicts by the present lessees. The resolution was adopted.

A communication was read from Congressman Lamar, relative to the employment of special counsel while he was attorney-general of the State. He showed the need of having able counsel in many cases against corporations.

A telegram was read from V. H. Gwinn of Huntington, W. Va., former superintendent of the State asylum, asserting that he could vindicate himself from all charges during his management of the hospital.

The House resolved itself into a committee of the whole to consider the license tax bill.

After the committee arose a motion prevailed that the bill be not passed.

Mr. Rawls, from the committee on appropriations, favored an appropriation for the Jamestown Exposition. The rules were suspended and the bill passed.

Mr. Roseborough's bill for the relief of Alachua county, to reimburse the county in the sum of $1,732 for money spent out for armory rent, was passed, 27 to 12.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

Attorney Christopher Matheson went yesterday to Palatka, where last night in the Methodist church he delivered a strong temperance address. Col. Matheson is a strong and forceful speaker, and an active worker in the temperance cause. It is anticipated that his address on the subject will accomplish a great deal in the coming election for "wet or dry" in Putnam county.

A letter to The Sun from Frank E. Aldrich, Westmoreland, N. H., who, with his estimable family, spent several months here last winter, states that frost is yet visiting his home. He says: "We are again in our New Hampshire home after a delightful trip by land and sea. We are having frost now, and I wish myself and family were back in Gainesville." Mr. Aldrich orders The Sun sent to his New Hampshire address.

Robert McClellan has made improvements at his store which will be appreciated by his patrons and others. He has had installed screens at his doors, which will prevent mosquitoes from interfering with the usual business, and will protect prospective customers from these pests which might prevent him from a sale, if the mosquitoes and flies were very bad. This progressive firm deserve a great deal of credit, since they protect themselves and their employes.

S. E. Ward of White Springs, one of the valued employes of R. J. & B. F. Camp, manufacturers of lumber, was in the city yesterday. Mr. Ward states that the big mill, which was destroyed by fire a few weeks ago, is being rebuilt, and will be in operation in a few weeks. This was one of the largest and most modern saw mill plants in the State and gave employment to a large number of men. While the new plant will not possess all the conveniences of the plant burned, the cutting capacity will be as great, and the same number of hands will be required.

A Good Suggestion.

Mr. C. B. Wainwright of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in hot water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by all druggists.

Moved to Mississippi.

After a residence of several years in North Gainesville, William Parker has decided to engage in the lumber manufacturing business in Mississippi and made his departure for his new home Monday. While the people of the thriving suburb regret very much to lose Mr. Parker as a citizen, they will wish him much success in his new home.

NEWS TERSELY TOLD.

The beef trust investigation by the United States grand jury at Chicago has been adjourned until June 7.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Carrollton's Depot Burns.

Carrollton, Ga., May 24.—At an early hour yesterday morning the depot of the Central of Georgia railway was found to be on fire. The bucket brigade was soon on hand and did very effective work. The building is constructed of brick and iron and the fire did not do much damage to the building, but a large amount of freight was burned. The principal loss was a large quantity of flour. The damage is estimated at $1,000. It is thought that the fire was the work of rats.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

President Paid His Way.

Washington, May 24.—It is figured out here that the president's western trip cost about $3,000. The report about the White House is that the president has already paid this sum and that he does not propose to accept any privilege from a railroad during during his term of office.

Had to Ward Off Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlain's Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these tablets to be just what you need. For sale by all druggists.

Warning.

You cannot have good health unless your kidneys are sound, for the kidneys filter the blood of impurities which otherwise act as irritating poisons and break down the delicate organs of the body and cause serious trouble. W. McCollum & Co.

RHEUMATISM ROBS LIFE of PLEASURE

Rheumatism does more than any other disease to rob life of pleasure and comfort. It is so painful and far-reaching in its effects on the system that those afflicted with it find themselves utterly unable to enjoy bodily comfort or any of the pleasures of life. Some are bound hand and foot and suffer constantly with excruciating pains, swollen, stiff joints and muscles, and often distorted, crooked limbs, while others have intervals of freedom, during which they live in constant fear and dread of the next attack, when, at the least exposure to damp weather, or slight irregularity of any kind, the disease will return.

I had been troubled with Rheumatism for two years, had been under the treatment of physicians, and tried everything recommended to me, but all to no avail. My knee and elbow joints were so stiff that I could not use them. I was unable to do my household work, and was truly in a pitiable condition. S. S. S. cured me after using it for awhile, and I unhesitatingly give it the credit it so much deserves.
Sta. A., E. Liverpool, O. MRS. M. A. DECKER.

The cause of Rheumatism is a sour, acid condition of the blood, produced by food lying undigested in the stomach, poor bowel action, weak kidneys and a general sluggish condition of the system. External applications, such as liniments, oils, plasters, etc., do not reach the cause and can only give temporary relief. The blood must be cleansed and purified before a cure can be had. S. S. S. attacks the disease in the right way—it neutralizes the poison and filters out every particle of it from the blood, stimulates the sluggish organs and clears the system of all foreign matter. It cures the disease permanently and safely because it contains no harmful minerals to derange the stomach and digestion. Book on Rheumatism and any advice you wish, without charge.

COMMENCEMENT AT THE E. F. SEMINARY

The Commercial and Academic Programs as Carried Out.

MUCH INTEREST MANIFESTED

Both Programs Highly Entertaining. Several Brilliant Essays and Addresses—The Music of a Very High Order.

The commencement exercises in the Commercial Department of the East Florida Seminary, held at 10:30 o'clock yesterday forenoon, had a program of more than passing interest. Through the incessant labors of Prof. J. H. Brinson, this department has steadily advanced until now the instruction is most thorough. The program of exercises was as follows:

Music—Piano duet, by Misses Carrie and Jessie Wimberly, very tastefully performed and heartily applauded.

Following the invocation by Rev. T. J. Nixon, was a piano solo by Miss Myrtle Fennell, rendered in her usual faultless manner.

Next came a very interesting address by the Hon W. K. Zewadski of Ocala, to the class of graduates. He gave some wholesome advice regarding the starting out in the commercial world, and the methods to be employed for a substantial business career. He encouraged integrity and honesty of purpose in whatever line of business pursued. In his closing remarks he paid a high tribute to the Seminary and referred to the legislation now in process to undo what it had taken years to build up. The speaker was the recipient of generous applause during his remarks.

The next selection was a mandolin and piano duet by the Misses Steckert, and they deserve much praise for the excellence of their music.

In conferring the diplomas Prof. Brinson took occasion to drop a few words of wholesome advice to the class, and at the conclusion Superintendent Pound gave them a few remarks in parting that were appropriate and given in a spirit that showed a deep interest in their welfare.

The Academic course graduating exercises, held in the hall on Wednesday evening, was the event of the week, the hall and rostrum being beautifully decorated and odor of beautiful flowers that were furnished in profusion filled the room. The officers of the school were present in uniform, and the scene, with the ladies in their white array, made a charming picture. And the people came in large numbers, filling all the available space and many being unable to gain seats.

The opening musical number, as well as all the selections for the evening, was furnished by the Glee Club and was highly appreciated.

The diequisitions of the graduates were rendered in a manner highly creditable to the ability of the graduates, and each one received merited applause.

The "Value of Ideals" was the topic of Miss Mary Wilson DaCosta's essay, which was well delivered.

"Some Factors in the Increase of Lawlessness" was the caption of a most interesting address by Allen Graham, while William Kosciuski Zewadski, Jr., as class historian, entertained in a pleasant manner with "The Trophies of Miltrades Will Not Allow Me to Slumber."

A topic of the present day, "The Laborer and Labor-Saving Machinery," was well handled by Fred Stuart Roux, who gave a clear-cut paper on this subject.

"Melancholia," in the hands of Elsie Vermilye Smith, was prepared with much skill and possessed of able literary merit.

William Travous Whitney's address, "The Walls Do Not a Prison Make, Nor Iron Bars a Cage," showed careful preparation and good knowledge of his subject.

Ollie M. Jacobie, another of the graduates, being excused from being present on account of having accepted a lucrative position, made the seven, and at the conclusion of a musical number, those present were called and received their diplomas with a few appropriate remarks by Superintendent Pound, and the class of '05 has now started out with endorsement of the East Florida Seminary, on which the members can, in the years to come, look back with pride and never regret the precepts obtained at that institution.

A BIG NEGRO ROW.

One Man Shot and Three Seriously Cut in a Melee at Haile's Sink.

Information has reached this city of a free fight which occurred at a negro picnic at Haile's Sink, seven miles to the southwest, a day or two recently, when Amos George shot and fatally wounded his brother, Moses George, and in the melee which followed three negroes were seriously cut. Information is meager, since those present were not inclined to talk, the wounded are not able to talk, and George made his escape.

A Creeping Death.

Blood poison creeps up towards the heart, causing death. J. E. Stearns, Belle Plaine, Minn., writes that a friend dreadfully injured his hand, which swelled up like blood poisoning. IT IS TIME NOW.

There will be many people who desire to locate in the South next winter, and, as we have said before, the place most desired is Florida. Many well-to-do people of the North are getting anxious to find the place where they can spend their winters without being tied up in the house by the severe cold and snow. Soch people can be satisfied by coming to Florida. We have locations to suit the most diversified population, and if we would only let those people know exactly what they can expect, we can rest assured of their coming.

While one may think their own locality is the best, it is a fact that there are many delightful sections of Florida in which to reside.

A map of the country showing the lands, railroads, etc., should be sent out, so that lands for sale could be seen and settlers might make their selections with little trouble. Many people in the North know little of Florida, and there are others who would come here for the winter, at least, if they were only made aware of the facts regarding the State.

This is no surmise, for we have only recently received letters of inquiry regarding the climate and crops of this section from a gentleman who desires to come South with a party to locate where they might have a winter home and cultivate a tract of land. And these people are experienced farmers with sufficient capital to go ahead with business.

AN ADVERSISING THOUGHT.

Dark clouds do not always signify storm. Neither do slow returns from advertising always mean failure.

The American Protective Tariff League has looked after the administration very carefully in the few years past, but will now have to get up some new scheme to convince the Panama Canal Commission that the consumer don't pay the freight.

Marshal Pinkoson, who did such a good job in checking the hack drivers from interfering with passengers who get off the cars at this city, has the same power to stop the cruel whipping of horses by these same drivers.

Those pesky germs are causing more trouble. The president of the Iowa State Board of Health has decided that whiskers and mustaches are germ catchers, and all State physicians have got to have clean shaven faces.

Hon. William Jennings Bryan expects to make a tour of the world for the purpose of studying municipal ownership. He might get a few pointers from the Czar of Russia, who thinks he owns the earth.

According to the latest reports the committee report on the insane asylum is not correct, the report on the university is distorted. The conclusion arrived at is: "There ain't nothin' wrong with nobody."

Hoch, the man of forty wives, says he is ready to die and don't want a new trial. Forty wives ought to be trial enough for one man.

NEW LABOR UNION.

Fearing that Samuel Gompers, the president of the American Federation of Labor, was likely to pass him into oblivion, Eugene V. Debs, the labor agitator, has made himself quite active of late in the organization of a new movement which will slide from the stocks into the sea of labor at Chicago, on the 27th of next month, and be known as the Industrial Union.

While the new movement may be for the betterment of the laboring men of all classes, it is antagonistic to John Mitchell and his United Mine Workers, as well as to Mr. Gompers and his followers, and will have the same color—red—for its emblem as the anarchists the country.

The new union promises some new developments in the line of strikes and predicts plenty of trouble throughout the United States. It wants a more equitable division of the profits from labor, and with no capital invested will experience the same trouble as the older organizations have in asserting their demands by force.

There is a chance for all union men to better themselves, if they exercise good judgment, but the trouble has been in nearly every instance where demands have been made, that judgment has been lacking and the efforts have resulted in failure. There is rarely a case that could not be settled by arbitration, which would result in a saving to both employe and employed, but the trouble rests too often with the leaders, who seem to be determined to rule or ruin.

In recent strike events there has, however, been a strong desire on the part of many union men to arbitrate matters, and as there are many workmen and employers who stand committed to this method of adjusting their troubles, the way does not look so bright for Debs, as he has only 600,000 followers, while President Gompers has over 2,000,000.

The people of Florida, in many of its cities at least, are showing more progress at the present time than any State in the Union. While there are many large concerns being established in the cities, every hamlet has development going on. If the population increases as rapidly in the next five years as it has in the past, it will be shown to all that we have none too many schools for the education of our children.

Germany and France are anxious for a round out of Japan at the present time, because they think the Japs have their hands full. But John Bull says "give the little fellow a show."

Machen, the postoffice conspiracy chap who is serving two years for his rascality, was handed another two-years' term a few days ago.

The papers that publish the news first will soon be called on by advertisers to place their announcements alongside of fresh news items.

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We offer One Hundred Dollars Reward for any case of deafness caused by catarrh that cannot be cured by Hall's Catarrh Cure.

KIRKWOOD SCHOOL CLOSED.

Patrons and Pupils Enjoyed a Fine Picnic on Wauburg Lake.

Kirkwood, May 22.—After a most profitable and successful term of eight months, the Kirkwood school closed Friday with a picnic on Wauburg lake, at the "Chamberlain Landing." The day being perfect, patrons, pupils and teacher were there with baskets filled with all manner of good things to eat. In the afternoon ice cream was served free.

A number of the smaller boys and girls donned bathing suits and went in bathing. It was fine sport for them and the older ones enjoyed watching them.

Miss Ruby Hawkins has taught two very successful terms here. She is not only an excellent teacher, but one of the finest girls in the State, and we hope she will return and teach our school next term. She has also been one of our faithful Sunday school teachers. To show their appreciation, this class presented her with a nice book. We regret to have her leave us, but trust to have her with us next winter.

Miss Susie Simpson, one of Gainesville's beautiful and lovable girls, came to the picnic and is visiting Miss Ruby Hawkins. Miss Susie lived here a while back and her many friends were glad to see her again.

Life a Burden

There are times when life seems a burden—when you are tired, worn-out, have dull pains in the head and a continual feeling of uneasiness. You have no appetite, and your digestion is poor; your sleep broken, and you get no rest.

Little annoyances seem great mountains of trouble, and you are blue, melancholy and given over to gloomy forebodings.

This means low vitality—exhausted brain nerves.

For this condition Dr. Miles' Restorative Nervine is a specific; it is a food for the nerves. It builds up the nervous system, and restores lost energy.

Try it to-day and see if your sleep is not sound and refreshing, and the morrow brighter and more hopeful.

"I am glad to announce that I have recovered my health, as far as my advanced age will permit, as I am 82 years old. My case was very bad; my nerves were all shattered. I suffered much pain and coldness; was so weak and felt so sad and lonely and heart-broken. When I commenced taking Dr. Miles' Remedies I was completely prostrated. I have taken the Restorative Nervine, Heart Cure and Nerve and Liver Pills, and they cured me." MRS. E. C. BAWLBY, Waterloo, Ind.

Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

CITY WATER SUPPLY IS AWAY DOWN

Superintendent Miller Says Spring Was Never Lower Than Now.

CONSUMERS ABUSE RIGHTS

Do Not Conform to Rules and Regulations Provided—Some Suffer, While Others Enjoy Excessive Privileges—Meters to be Installed.

Superintendent Benjamin Miller of the waterworks is complaining of the scarcity of water at the plant, and declares unless some water takers do not cease from abusing the right the supply will be exhausted more rapidly than it can be produced.

Gainesville is on the verge of a water famine, which has been caused principally from the abuse of the rules and regulations governing water takers. In some instances consumers who pay a "flat" rate and own a lawn keep their hydrants open continuously. This not only prevents legitimate consumers from securing the water for actual necessity, but subjects property to great danger in case of fire. Superintendent Miller requests that consumers remember the scarcity, and use water accordingly.

Chairman Benson of the water committee states that one hundred meters have been received, and that some will be installed as soon as possible. This will in a measure tend to give a more liberal supply, since these meters will be placed at points where consumers are using water for lawns and gardens. Another hundred meters are expected within thirty days, and eventually it is the intention to place the entire system under meters.

Social Life at Rochelle.

The progressive young people of Rochelle presented on Friday night of last week at Martha Perry Institute a charming play, the title of which was "The School Ma'm." There were several characters, all of which were assumed in a most creditable manner, and the large audience enjoyed the production of the play immensely, feeling that they had gotten their money's worth.

The play was presented for the benefit of the piano fund of the school, and $25 50 net proceeds were realized.

Chamberlain's Cough Remedy the Very Best.

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by all druggists.

Asylums To Be Investigated.

Boston, May 24.—As the result of the sensational developments at the Taunton insane asylum during the past few weeks, culminating in the escape of Grace Darby, the so-called "Mad Venus," the legislature will be asked to make a sweeping investigation of the entire system of commitment and care of the insane in the state. An order to this effect is to be offered in the house on Monday by Representative Skerett, of WoWrWoWest W tive Skerett, of Worcester.

FIRST CANTALOUPES OF THE SEASON

Were Shipped by Cave & Co., Ft. Drane, and Billed to Chicago.

CAR CONTAINED 400 CRATES

Were Sold F. O. B. Ft. Drane for $1,000 Net—Acreage in Gainesville Section Larger Than for Many Years, and Prolific Yield Expected.

The first solid carload of cantaloupes to leave Florida this season passed through Gainesville Wednesday afternoon. The car was F. G. E. No. 14350, and contained 400 crates. It was from Cave & Co., Fort Drane, on the Gainesville and Gulf Railway, and was delivered by that road to the Seaboard Air Line at this point. The destination was Chicago. The shipment was handled by R. M. Morgan, the local agent of the Armour Car Lines.

This fruit, being the first of the season, brought fine prices. It was sold f. o. b. Fort Drane for $1,000.

Mr. Morgan, who is thoroughly familiar with the conditions, states that the acreage in this section is heavier than for many years, and the fruit is exceptionally choice. The growers should realize a fine thing financially from their cantaloupes this year.

Of the most extensive planters in the State, Cave & Co. probably own the largest acreage, their crop running about four hundred. They have exercised a great deal of care in the cultivation and the yield promises to fully repay them for their energy in this direction.

Why Suffer From Rheumatism?

Why suffer with rheumatism when one application of Chamberlain's Pain Balm will relieve the pain? The quick relief which this liniment affords makes rest and sleep possible, and that alone is worth many times its cost. Many who have used it hoping only for a short relief from suffering have been happily surprised to find that after awhile the relief became permanent. Mrs. V. H. Leggett of Yum Yum, Tennessee, U. S. A., writes: "I am a great ufferers from rheumatism, all over from head to foot, and Chamberlain's Pain Balm is the only thing that will relieve the pain." For sale by all druggists.

Gets Two Additional Years.

Washington, May 24.—It is figured Machen, under sentence of two years imprisonment for his connection with the postal frauds, pleaded guilty today to an additional indictment in connection with the purchase of letter carriers' satchels. He was at once sentenced to an additional two years' imprisonment.

Do Not be Imposed Upon.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. Ask for Foley's Honey and Tar and refuse any substitute offered as no other preparation will give the same satisfaction. It is mildly laxative. It contains no opiates and is safest for children and delicate persons. Sold by J. W. McCollum & Co.

Republican State Convention to Meet.

Columbus, O., May 24.—The Republican state convention meets here tomorrow with Secretary of War Taft as temporary chairman. The tariff plank of the platform is understood to be in abeyance until the arrival of Mr. Taft. Governor Herrick will be renominated by acclamation.

A Positive Necessity.

Having to lay upon my bed for 14 days from a severely bruised leg, I only found relief when I used a bottle of Ballard's Snow Liniment. I can cheerfully recommend it as the best medicine for bruises ever sent to the afflicted. It has now become a positive necessity upon myself.—D. R. Byrnes, merchant, Dovesville, Texas. 25c, 50c and $1. Sold by W. M. Johnson.

Farmer Shoots Two Negroes.

Minor Hill, Tenn., May 24.—Henry Jackson, a prominent young farmer of this section, shot and killed George Brown, a negro, and fatally wounded Ed Brown, his son. It is claimed the shooting was done in self-defense. Jackson surrendered.

Cleared for Action.

When the body is cleared for action, by Dr. King's New Life Pills, you can tell it by the bloom of health on the cheeks; the brightness of the eyes; the firmness of the flesh and muscles; the buoyancy of the mind. Try them. At all drug stores, 25c.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Suwannee county will now fall in line with good roads. Good roads are the best evidence of progress in any county.

The schools of Titusville have had a very successful year and that busy town will have the same corps of teachers for next year.

The negroes have practically boycotted the Pensacola street railway since the passage of the "Jim Crow" bill, but the white patronage is increasing.

Melbourne is planning to observe Decoration Day, May 30th, when the Blue and Gray will join hands and decorate the graves of their comrades.

The town of Center Hill, Sumter county, has been incorporated and they can place the valuations of property and do lots of things they have heretofore been deprived of.

Deputy Sheriff Gore of Miami arrested a dozen negoes for gambling on the truck farms near that place. Poker playing is the common amusement for those fellows when not at work.

A fire at Tampa Thursday forenoon destroyed the Anheuser-Busch block. Two saloons and a department store occupied the ground floors, while the Tampa Light Infantry had their armory on the second floor. W. D. Kirk, fireman, was seriously injured by falling walls. Loss $25,000, with small insurance.

The Tampa Tribune says that the "'Jim Crow' law will go into effect in about seven weeks. It is going to be a hard matter in this city for the average conductor to discern the complexion of some of our foreign population. These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.
